

## THANK YOU ALL FOR A REWARDING FAIR!

Potatoes, Fruit & Vegetables is a prioritized segment for Stenqvist why it was natural to have a stand at the Potato Fair 11-12th of February in Örebro in Sweden. Organizers of the fair were GRO and LRF and it was held for the 6th time. Meeting both smaller and larger customers in the potato- and vegetable line of business was inspiring and we highly appreciate all given input.

It was a well-attended fair with 2500 visitors and 70 exhibitors and of great interest for us as a leading packaging producer. In the stand selected parts of our wide assortment of plastic- and paper products were on display. Customers easily find whatever they need at Stenqvist from potato bags in paper to reel-material in plastic.

Our co-operation with the well-known machine constructor EMVE made it possible to show the visitors in reality how well our products function packaging both manually and industrially. Customers competitiveness is strengthened by the fact that we have more than 100 years of experience in the business. Feel secure - we have it all.

We want to thank all our customers for an enjoyable and fruitful fair! We are just about to look into new printings and go through the customers demands for the season. Perhaps you need some advice concerning design and technique? If we do not already have an established contact, please do not hesitate to contact us – we will gladly assist!

Gitte “Queen of Potatoes” Ehk, Lars Vestergaard, Per-Olov Almquist, Per-Olof Svensson, Jan Pedersén, Pernilla Jussila
